Dear friend,

It is that time of the year once again when we will be asking you to dig down and contribute. The past year has been a success financially. Now we can take great steps forward to advance our own gay rights here in the valley. Right now, many new plans are being made for the new year. One in particular is the idea of a gay community center, a place to go for information on a variety of items and activities.

Other ideas are an expanded newsletter, more meetings and educational gay films. These are all super ideas with great potential, but it will take more funding and participation than ever before.

Please help us keep Le-Hi-Ho a growing, viable organization, an organization we can be proud of and call our own. Give us enough support to make sufficient advances this year to accomplish these goals.

I urge you to dig deep, deeper than last year. If you can, double what you gave last year, or more if at all possible.

With all of the anti-gay legislation, it is becoming a question of mere survival. I want my rights when I turn out the lights.

The choice is ours.

Ed Robinson, President

I know that it costs at least \$10 a year to produce the accompanying newsletter. I am hereby contributing _____
